Hi Dawn,

Thank you for sharing the vapor intrusion report. I am still working through reviewing the reports that you have submitted. Jennifer and I have met to discuss your application and we are working on finalizing the scope with our contracting folk. I'll try to give you an update by the end of the week on the status of your application.

**Subject:** Maquoketa Clinton Engine TBA...

Hi Whitney,

I have attached the current Vapor Intrusion report for you on the Maquoketa Clinton Engine site. As you will notice from the report the findings indicate additional recommendations for the site. Does this help you in determining the scope of work on this site for the TBA that the City has requested? Would you be able tell us if there is anything else you are in need of for the TBA?

*Dawn M. Danielson*
